Personal Profile

I am a front-end and back-end developer with a strong foundation in creating dynamic and visually appealing web applications. I thrive on turning ideas into interactive and user-friendly experiences. My expertise lies in utilizing modern web technologies to build responsive, performant, and accessible websites.

Education

Personal Projects

Face Recognition Attendance System [Git](#)

- Developed a sophisticated Face Recognition Attendance System using HTML, CSS, JavaScript, and Machine Learning technologies. This project effectively automates the attendance process, streamlining it for improved efficiency and accuracy.
- Successfully integrated front-end design with back-end functionalities, resulting in a user-friendly and seamless experience.
- **HTML, CSS, JAVASCRIPT, MACHINE LEARNING**

To-Do App [Git](#)

- This project is a simple to-do app built using HTML, CSS, and JavaScript. The app allows users to add, delete, and mark tasks as completed. It serves as a practical demonstration of my skills in front-end web development.
- **HTML:** Structured the webpage and defined the app's layout.
- **CSS:** Styled the app for an aesthetically pleasing user interface.
- **JavaScript:** Implemented the interactive features, including task addition, deletion, and completion.

Chat Application

- This project is a real-time chat application developed using React.js. It facilitates communication between users in a user-friendly and interactive interface. The app incorporates features such as multiple chat rooms, real-time message updates, and user authentication.
- Multiple Chat Rooms: Users can join different chat rooms based on their interests or topics.
- **REACT JS**

Skills

Technical Skill:

- Language - C, C++, SQL
- Technology - HTML, CSS, JAVASCRIPT, REACT, DEVOPS, FRONT-END DEVELOPMENT
- Data Structure and Algorithms, Object Oriented Programming, Database Management System

Soft Skills: Time Management | Teamwork | Problem-solving

Certifications

[TCS: Training Certificate by TCS](#)

[Digital Bham: Training Certificate by Digital Bham](#)

[CISCO: javascript certificate by cisco](#)

Interests

Developer: I am very skilled developer and I like to create new websites. web developer with a passion for creating innovative and user-friendly websites.
